

1. Professional Background

Manoj Krishna M is a dedicated Aptitude Trainer and Placement Coordinator with extensive expertise in Quantitative Aptitude, Logical Reasoning, and Verbal Ability training. Armed with a Bachelor of Engineering in Mechanical Engineering and an MBA in Digital Marketing, he combines strong analytical capabilities with strategic test-taking and problem-solving methodologies to prepare students for campus placements and competitive examinations.

2. Highlights

- **High Impact Training:** Consistently achieved an 85%+ placement success rate for trained students across 75+ premier institutions in Tamil Nadu.
- **Institutional Scale:** Designed and delivered comprehensive training modules for over 1,500 final-year students annually at Saveetha Engineering College.
- **Accreditation & Compliance:** Actively contributed to NBA and NAAC documentation, curriculum development, and institutional quality assurance.
- **Diverse Pedagogy:** Expert in bridging technical aptitude with soft skills, interview readiness, and resume-building programs.

3. Professional Experience

He brings extensive expertise as an Aptitude Trainer, currently serving at Saveetha Engineering College in Chennai since September 2024. In this role, he designs and delivers comprehensive Quantitative Aptitude, Logical Reasoning, and Verbal Ability training modules for over 1,500 final-year students annually. He collaborates closely with the placement cell to align training content with active recruitment drives and actively contributes to institutional NBA and NAAC compliance and documentation.

Prior to his current position, he built a strong foundation in academic training across Tamil Nadu institutions and Competitive exams training academies. He served as an Aptitude Trainer at Selvam College of Technology in Namakkal and previously spent over four years as a Trainer at ADHI College of Engineering & Technology in Kanchipuram, where he successfully guided 380+ students through online aptitude tests and conducted placement-oriented mock interviews. Additionally, he has lent his expertise as a guest faculty and resource person for expert talks on aptitude training at various prominent liberal arts and engineering colleges.
